

TiMOTION Scholarship Program 2018

In 2005, TiMOTION entered the world of electric linear actuators, quickly becoming the premier global designer and manufacturer of complete motion system solutions. Since its inception, the company has earned a reputation for reliable, high quality, competitively priced products that satisfy the needs of worldwide medical, furniture, ergonomic, and industrial markets. TiMOTION established this annual scholarship opportunity for aspiring engineers, ergonomists, or technology students to continue their education in hopes of powering the worlds towards a better future.

Eligibility Requirements

- Full-time student enrolled in an Engineering, Ergonomics, or Technology-focused program at an accredited undergraduate university or college
- Must provide transcripts indicating strong academic performance with a GPA of 3.0 or higher
- Must provide information regarding extracurricular activities, volunteering opportunities, or other community-involvement experience

Before You Apply...

We advise reading all information listed on our website prior to submitting your application, so that you can be better prepared.

Gather This Information

A transcript – You will need this as a record of proof to the course level and grades that you received since your freshman year in high school.

Contact information – You must be prepared to provide us with your name, email address, and phone number so that we may contact you if your application is selected.

A school profile – We have an area of the application that asks you to give us the details of the university or college you will attend.

An Essay – In 500-700 words, you will need to provide us with a comprehensive look into what inspired you to pursue your field of study.
