

TC15P

series

Product Segments

• Ergo Motion

TC15P is an upgraded control box for the 2-leg height adjustable desk. With a similar appearance as the TC15, the TC15P has an additional port for an external battery, which gives mobility to your sit-stand desk. In addition, the TC15P has integrated t-touch and built-in Bluetooth options that protect your desk from material damage and enable the desk to be operated via our mobile desk app.

With advanced PCB, the TC15P makes it possible to add a USB or wireless charging device onto the system. This new generation TiMOTION control box makes 0.1W low standby power standard. With the TC15P, you can easily utilize all the features you want for your sit-stand desk.

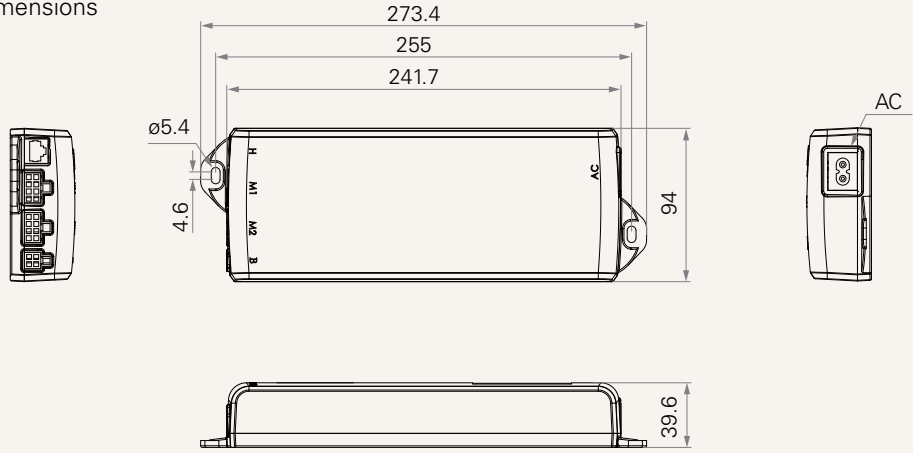

General Features

Built-in transformer type	SMPS
Maximum output	32V DC, 4.0A
Plug support	EU, USA, AUS, UK, JPN
Number of actuators	2
Color	Black
Supports t-touch or Bluetooth built-in, charging accessory and external battery (TBB9)	
0.1W standby power consumption	
Especially designed for adjustable height desk application	
Support synchronous movement
